Constructed out of nice heavyweight dark brown canvas, this cinch top bag is a sure eye-catcher. The beautiful Czech beadwork wraps completely around the bag in a traditional style often seen in blanket strips. The bag is plenty big to use as an overnight bag, school bag, or large purse. Stands 16" tall and has a round 11" diameter base. Reinforced canvas straps are adjustable and secured at the bottom by metal fasteners. Top of the bag has large metal eyelets so the rope can cinch up easily. Interior is fully lined and has several pockets and closures within.

Beaded Backpack

Check out this huge beaded front pocket! Using real Czech seed beads, this backpack has a 15"x12"x11" front beaded panel. The panel has a double snap top revealing a large outer pocket. The body of the backpack is made from a heavy smoked gold canvas with a back piece and top flap of a similar weighted dark brown canvas. Snap buttons are positioned at the top so the sides can close down before the top flap is strapped shut. Overall dimensions of the bag are 18"x15"x7". Two adjustable shoulder straps positioned in the back. Large enough to hold dance regalia but versatile enough for use as a weekend bag or large school backpack. Interior is nicely lined and has several pockets including a large zippered enclosure.
